***"When choosing a supplier, Utility Supply Group has the people and products you can count on!"***

Wade Elliott, General Manager, serves on boards (NEC & NFPA) that establish electrical code standards as well as the Underwriters Laboratory (UL) Standards Technical Panel. As a result, the depth of our company knowledge with NEC & UL requirements is unmatched within our industry. This allows us to provide exceptional service and comprehensive solutions to our customers. By staying directly involved with these standards, USG has helped saved the industry millions of dollars by heading off potentially costly and unnecessary code changes.

The Utility Supply Group team has long been known as being the industry leader in both knowledge and customer service in the RV, Campground, and Marina markets. The addition to Rexel USA means instant access to over 1.6 million products, 7 days a week phone support, 400 nationwide branches across multiple banners (Platt, Rexel, Gexpro), and an advanced logistics and supply chain network that expands across North America. We will continue to focus on providing you with industry-leading quality products, exceptional customer service solutions, and a larger array of logistics and distribution that will save you time and money.

- Better logistics
- More inventory in stock (new distribution centers and branches across USA)
- Access to more SKUs
- Credit terms
- Same day shipping (later cutoff time on the west coast)

## Why Choose Utility Supply Group?

- Utility Supply Group is the leading national supplier of electrical products and components for RV Resorts, Campgrounds and Manufactured Home Communities, Park Management Companies and Contractors.
- We have over seventy-five years of electrical experience on staff and pride ourselves on providing you with exceptional service, high quality products at competitive prices.
- Our unique electrical layout service is another popular part of our added-value service. (See page 3)
- Our exclusive **HERITAGE** Brand of pedestals & power outlets have an Extended **2 Year Warranty** and are stocked in five regional warehouses for immediate shipment.
- We are open Monday through Friday 8:30 am to 5:00 pm coast to coast

## We Are Also Strategic Partners With:

Midwest Electrical Products  
Milbank Manufacturing  
Eaton  
ABB/GE

- We carry other products such as metering, lighting, water hydrants, wire, panel boards, transformers, utility metering, circuit breakers and replacement parts.
- If you don't find what you are looking for in this catalog, please give us a call. We will be happy to find it for you.

***Thank You For Choosing  
Utility Supply Group!***

## At Utility Supply Group We Strive To Bring New & Innovative Products To You.

The two new Heritage pedestals below were developed with improved product features and quality to save you time and money. **The G-Series** incorporates the use of a GFCI circuit breaker in lieu of often problematic GFCI receptacles. GFCI self-testing circuit breakers are much more durable and protect the circuitry from dirt, moisture & insects. Helps eliminate costly receptacle replacements. **See page 8** for ordering details. **The R-Series** is a ring-less type version of our popular ring type metered products. The ring-less meter cover provides installation ease and added safety. No more fighting or replacing meter rings. Both are available as direct burial or pad mount with a 50/30/20 configuration only. **See page 8** for ordering details. **The Pad-Mount** is an economical and time saving solution to costly field wiring tasks. We now stock 30 & 50 amp circuit site testers. These devices can help you detect reverse polarity, open grounds & neutrals and elevated or low voltage. We also carry Fault Detector and wire location instruments. Contact USG sales office for ordering details or visit us on online at, [www.go-usg.com](http://www.go-usg.com).

### G-SERIES

#### 20A GFCI Circuit Breaker

- Pedestal or Surface mount
- Metered or Unmetered
- Ring Type Meter Socket
- Direct burial or Pad Mount
- 50/30/20GB Configuration
- LED light available
- Available from USG Stock

### R-SERIES

#### Ring-less Type Meter Socket

- Pedestal or Surface mount
- Metered or Unmetered
- Direct burial or Pad Mount
- 50/30/20 Configuration
- 20A GFCI Circuit Breaker option
- LED Light available

## UNDERGROUND CABLE LOCATOR

- Locator Finds Many Types of Cabling Including:  
CATV  
Electrical  
Telephone  
Lighting

## GROUND FAULT LOCATOR

- Locates Hidden Damage to Buried Cables (cuts & nicks)
- Dual Sensitivity for Locating High and Low Volt Damage

## RV SITE CIRCUIT TESTERS

**At Utility Supply Group, everything we do is focused on the needs of our customers.**

We carry only the highest quality products to ensure your satisfaction, including our Heritage™ brand of RV electrical pedestals. The Heritage Rv Pedestals Are Specifically Designed For Direct Burial Or Pad Mount For Underground Feed. All Have Dual 350mcm Lugs For Loop Feeding. Surface Mount Boxes Have A Rain Tight Hub Opening For Adding A Meter Kit Or Pagoda Light Kit.

## MH75P-3

### Metered 50/30/20 RV Pedestal—Loop Feed

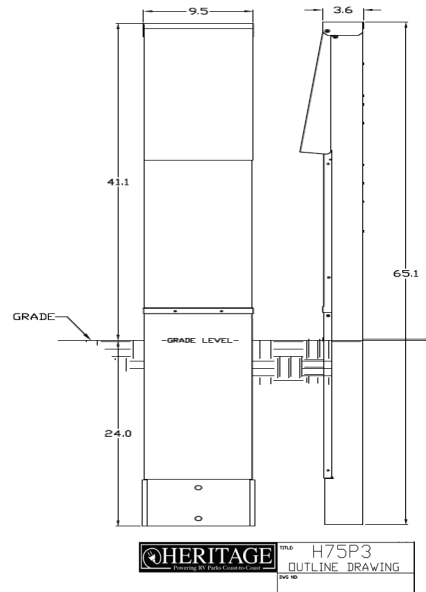

- UL listed, 100 Amp, 120/240V, Single Phase
- Galvanized, Powder Coated Outdoor 3R enclosure w/ hub opening & lockable cover
- Line & Neutral Lugs: (2) #6-350MCM; Ground 2/0 (Pedestal)
- Receptacles & circuit breakers pre wired with copper conductors
- Light includes LED Bulb, Photocell and Door Lens, for loop feed wiring

## H75P-3

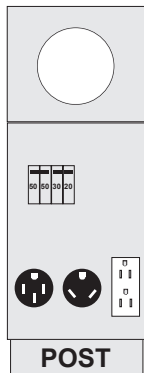

### Unmetered 50/30/20 RV Pedestal—Loop Feed

- UL listed, 100 Amp, 120/240V, Single Phase
- Galvanized, Powder Coated Outdoor 3R enclosure w/ hub opening & lockable cover
- Line & Neutral Lugs: (2) #6-350MCM; Ground 2/0 (Pedestal)
- Receptacles & circuit breakers pre wired with copper conductors
- Light includes LED Bulb, Photocell and Door Lens, for loop feed wiring

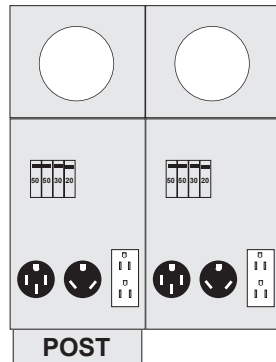

## RV PEDESTAL-LOOP FEED

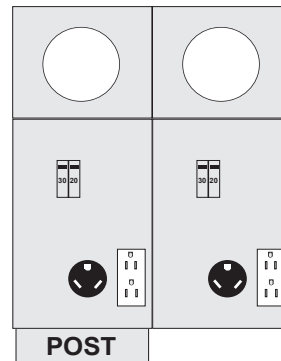

- UL listed, 100 Amp, 120/240V, Single Phase
- Galvanized, Powder Coated Outdoor 3R enclosure w/ hub opening & lockable cover
- Line & Neutral Lugs: (2) #6-350MCM; Ground 2/0 (Pedestal)
- Receptacles & circuit breakers pre wired with copper conductors
- Light includes LED Bulb, Photocell and Door Lens, for loop feed wiring

## SOCKET KIT COMPLETE (SKC)

- Includes Socket Ring, Hub, Plug, Close Nipple, Padlock Seal
- (Meters Sold Separately)

## ELECTRIC METERS

### DEM

- 120 or 240 Volt
- Glass Lens
- Electro-Mechanical Meter

### SSEM

- 240 Volt Only
- Polycarbonate Lens
- Solid State Electronic

## PORTABLE METERS

- PM30 for 30A 120V Only
- PM50 for 50A 240V Only
- Meter Select Site, Temporary or Permanent
- Use to "TEST" Existing Meters
- Quick Payback - Save Money!
- (Meters sold separately)

For 120 volt (1 hot wire connection) socket & meter require modification to operate. Contact USG for additional information.

# SITE ACCESSORIES

## SITE LIGHTS

### Pagoda Light Kit Field (Installed)

- Includes: Fixture, B10 Hub, Reducer, LED 7W Bulb

### Factory Installed Internal Light

- Includes Bulb, Socket, Outer Cover Lens & photocell

## COMMUNICATIONS

### TTV100

- CATV Type F
- Telephone Type RJ11
- Weatherproof Steel Cover

**NEW**

### TTV150

- CATV Type F
- Ethernet RJ45
- Weatherproof Steel Cover

### UH90GTTV1

- CATV Type F
- Hose Bib Provision
